- **MeriPehchaan-National Single Sign-On (NSSO) Platform**

  The Ministry of Electronics and Information Technology (MeitY), Government of India, has developed a National Single Sign-On (NSSO) platform titled "MeriPehchaan" in collaboration with the National Informatics Centre (NIC), Centre for Development of Advanced Computing (C-DAC), and National e-Governance Division (NeGD). The platform was launched on 4th July 2022 to facilitate seamless access to multiple Government services through a single set of login credentials.

  MeriPehchaan enables users to authenticate themselves once and securely access various integrated applications without the need for repeated sign-ins. The platform integrates multiple identity providers such as JanParichay, DigiLocker, and e-Pramaan, thereby ensuring interoperability and a unified user experience.

  Users can register on the platform using basic details such as name, date of birth, and mobile number, and may complete verification through eKYC using Aadhaar, PAN, Driving License or APAAR. The platform supports advanced features such as multi-factor authentication, password-less login and the

ability to manage multiple accounts linked to a single mobile number.

The NSSO framework significantly reduces the burden of maintaining multiple credentials, enhances data security, and provides a standardized authentication mechanism for Government services. It also benefits service providers by reducing the cost and complexity of developing independent authentication systems. MeriPehchaan thus serves as a secure, scalable, and citizen-centric digital identity solution, contributing to the vision of Digital India by improving ease of access to Government-to-Citizen (G2C) services.

Application form registration has been enabled through the single sign on service-Meri Pehchaan of Ministry of Electronics and Information Technology, for the convenience of the applicants.

CHAPTER – 1
INTRODUCTION

1.1 About National Testing Agency (NTA)

The Ministry of Education (MoE), Government of India (GoI) established the National Testing Agency (NTA) as an independent, autonomous, and self-sustained premier testing organization under the Societies Registration Act (1860) for conducting efficient, transparent and international standardized tests in order to assess the competency of candidates for admission to premier higher education institutions with a mission to improve equity and quality in education by developing and administering research-based valid, reliable, efficient, transparent, fair and international level assessments.

NTA has created a system that is promoting teaching (by teachers), learning (by students) and assessment (by parents and institutions). NTA strongly believes in the quality, efficiency, effectiveness, equity, and security of assessments. To practice these values, NTA is constantly engaging with its stakeholders, viz. students, parents, teachers, experts and partner institutions.

The objectives of NTA, inter alia, include:

1. To conduct efficient, transparent and international standardized tests in order to assess the competency of candidates for admission.
2. To undertake research on educational, professional and testing systems to identify gaps in the knowledge systems and take steps for bridging them.
3. To produce and disseminate information and research on education and professional development standards.

The Department of Higher Education, Ministry of Education, Government of India has entrusted the responsibility of conducting the Joint Entrance Examination (Main) to the NTA since 2019 onwards.

JEE (Main) is also an eligibility test for JEE (Advanced), which is conducted for admission to IITs. JEE (Main) Paper 2 is conducted for admission to B. Arch and B. Planning courses in the country.

The JEE (Main) - 2027 is being conducted in 02 (two) sessions for admissions in the next academic session. The candidates will thus benefit in the following ways:

- This allows the candidates a second opportunity to improve their scores in the examination if they are not able to give their best in the first attempt.
- In the first attempt, the candidates will get a first-hand experience of taking an examination and will know their mistakes which they can improve upon while attempting for the second time. This will reduce the chances of dropping a year and the candidates would not have to waste an entire year.
- If any candidate misses the examination due to reasons beyond his/her control (such as the Board Examination), then the candidate will not have to wait for one entire year.
- A candidate need not appear in both Sessions, if he/she so desires. However, if a candidate appears in more than one Session then his/her best of the JEE (Main) - 2027 NTA Scores will be considered for preparation of the Merit List/ Ranking.

Note 1.2

- The results of JEE (Main) Paper 1 will be used for B.E/B.Tech, and also other programs like Integrated M.Sc., Integrated M.Tech, Integrated B.Tech and MBA, Bachelor of Science, Bachelor of pharmacy, Bachelor of Design, etc.

1.3 Role of NTA

2.6 Syllabus of Examination

The detailed syllabus for JEE (Main) is available on the website: **https://jeemain.nta.nic.in/**

CHAPTER – 3
ELIGIBILITY AND QUALIFICATION

3.1 Age Criteria

For appearing in the JEE (Main) - 2027, there is no age limit for the candidates. The candidates who have passed the class XII / equivalent Examination in **2025, 2026 or appearing in 2027** irrespective of their age can appear in JEE (Main) - 2027 Examination. However, the candidates may be required to fulfill the age criteria of the Institute(s) to which they are desirous of taking admission.

3.2 List of Qualifying Examinations

i. The final Examination of the 10+2 system, conducted by any recognized Central/ State Board, such as the Central Board of Secondary Education, New Delhi; Council for the Indian School Certificate Examinations, New Delhi; etc.
ii. Intermediate or two-year Pre-University examination conducted by a recognized Board/ University.
iii. Final examination of the two-year course of the Joint Services Wing of the National Defence Academy.
iv. Senior Secondary School Examination conducted by the National Institute of Open Schooling with a minimum of five subjects.
v. Any Public School/ Board/ University examination in India or any foreign country is recognized as equivalent to the 10+2 system by the Association of Indian Universities (AIU).
vi. Higher Secondary Certificate Vocational Examination.
vii. A diploma recognized by AICTE or a State board of technical education of at least 3 years duration.
viii. General Certificate of Education (GCE) examination (London/Cambridge/Sri Lanka) at the Advanced (A) level.
ix. High School Certificate Examination of the Cambridge University or International Baccalaureate Diploma of the International Baccalaureate Office, Geneva.
x. Board of Open Schooling and Skill Education (BOSSE), Sikkim.
xi. Candidates who have completed the Class XII (or equivalent) examination outside India or from a Board not specified above should produce a certificate from the Association of Indian Universities (AIU) to the effect that the examination they have passed is equivalent to the Class XII Examination.
xii. In case the Class XII Examination is not a public examination, the candidate must have passed at least one public (Board or Pre-University) examination earlier.

Note 3.2:- The candidates can appear in JEE (Main) - 2027 conducted by NTA as per the above mentioned qualifying Examination. However, the candidates should satisfy themselves for eligibility to appear or get admission in any Institute/ University etc, as per their eligibility criteria and visit the respective websites/ view notifications. NTA is responsible only for conduct of JEE (Main) Examination and no grievances / RTI etc., will be entertained regarding qualification criteria for any particular Institute/ University etc.

3.3 Year of Appearance in Qualifying Examination

Those candidates who have passed the Class XII / Equivalent Examination in 2025, 2026 or those who are appearing in the Class XII / Equivalent Examination in 2027, are eligible to appear in JEE (Main) - 2027.

Candidates who passed the Class XII / Equivalent Examination in 2024 or before are not eligible to appear in JEE (Main) - 2027. Passing year for class XII (or Equivalent Examination) means the year, in which the result of the candidate has been declared as 'pass' for the first time in that particular Examination (Class XII/ Equivalent Examination).

For example, if a candidate has passed Class XII with Physics, Chemistry and Biology subjects in the year 2025 and further passed Class XII in Mathematics in the year 2026, then year 2025 will be considered as passing year of Class XII for appearing in JEE (Main). Similarly, any attempt of improvement in marks/percentage of class XII/ Equivalent Examination will not be considered as their first attempt.

Note 3.3: The candidates who are appearing for Class XII Board Examination in the year 2027 can mention their Roll Number/ Registration Number / Enrollment Number etc. in the relevant fields during filling up the Online Application Form for JEE (Main)- 2027.

3.4 State of Eligibility

State code of eligibility means the code of the State from where the candidate has passed the Class XII (or Equivalent) qualifying Examination by virtue of which the candidate becomes eligible to appear in JEE (Main) - 2027. It is important to note that the State code of eligibility does NOT depend upon the native place or the place of residence of the candidate. For example, if a candidate appears for the Class XII (or Equivalent) qualifying Examination from an Institution situated in New Delhi and is a resident of Noida, Uttar Pradesh, then the candidate's State code of eligibility will be Delhi and NOT Uttar Pradesh.

If a candidate has passed the Class XII (or Equivalent) qualifying Examination from one State but appeared for improvement from another State, the candidate's State code of eligibility will be from where the candidate first passed the Class XII (or Equivalent) Examination and NOT the State from where the candidate has appeared for improvement.

Candidates passed / appearing for Class XII from NIOS and BOSSE should select the State of Eligibility according to the State in which the study Centre is located.

For Indian nationals passing the Class XII (or Equivalent) Examination from Nepal/Bhutan, the State code of eligibility will be determined based on a permanent address in India as given in the passport of the candidate.

The State code of eligibility for OCI passing the Class XII (or Equivalent) Examination in India is at par with Indian nationals. However, OCI passing the Class XII (or Equivalent) Examination from an institution abroad are eligible for All India quota seats (but NOT for Home State quota seats) in all NITs, IIITs and Other-CFTIs.

CHAPTER – 5

CHOICE OF EXAMINATION CITIES

The Cities where the JEE (MAIN) will be conducted are given in **Appendix-II.** While applying, candidates have to select any **four cities** of their choice. Efforts will be made to allot the city of examination to the candidates in order of choice opted by them in their online Application Form. **However, due to administrative/logistic reasons, a different city can be allotted.**

In case there are very few candidates from a City, the NTA reserves the right to merge one, two, or more cities.

The decision of the NTA regarding the allotment of the City/Centre shall be final. No further correspondence or request shall be entertained in such a case.

While filling up the Online Application Form, candidates can select maximum **four Convenient Cities from Appendix - II** as their Choice of Cities for the exam Centre in order of their priority. Choice of Centre Cities will be limited to the **State of Permanent Address or State of Present Address** only and in certain cases, only one option may also be available based on the address criteria. However, in cases where fewer than four Examination Cities are available within the State(s) of Permanent and/or Present Address, candidates may be provided with options to select Examination Cities from other States also, subject to availability and administrative feasibility.

In case of foreign candidates also, Choice of Cities will be based on their Present and Permanent address from Appendix-II for the exam Centre in order of their priority.

However, in case any candidate is having either permanent or present address (or both) outside India, then choosing at least one city in India shall be compulsory.

For convenience, the candidates may select their own city or neighboring cities in their State of Residence or permanent address only. NTA will not be responsible for any inconvenience due to the incorrect selection of cities by the candidates.

In case, the number of candidates opting for a city as a Centre with a regional language is less than a certain minimum, candidates may be allotted a Centre in another city irrespective of the city opted by the candidates for appearing in the examination.

Though every effort will be made to allot a Centre in one of the cities selected by the candidate, the NTA reserves the right to allot a Centre in a city other than the candidate's choice.

Note:

Procedure to be adopted for compilation of NTA scores for Multi-Shift Papers

Normalization procedure based on PERCENTILE SCORE

NTA may conduct Examinations on multiple dates, generally in two Shifts per day. The candidates will be given different sets of questions, one question paper per Shift, and it is quite possible that in spite of all efforts to maintain equivalence among various question papers, the difficulty level of these question papers administered in different Shifts may not be exactly the same. Some of the candidates may end up attempting a relatively tougher set of questions when compared to other sets. The candidates who attempt the comparatively tougher examination are likely to get lower marks as compared to those who attempt the easier one. In order to overcome such a situation, a "Normalization procedure based on Percentile Score" will be used to ensure that candidates are neither benefitted nor disadvantaged due to the difficulty level of the Examination. With the objective of ensuring that a candidate's true merit is identified and that a level playing field is created in the above context, the Normalization Procedure, set out below shall be adopted, for compiling the NTA scores for multi-Shift papers.

The process of Normalization is an established practice for comparing candidate scores across multi-shifts papers and is similar to those being adopted in other large educational selection tests conducted in India. For normalization across Shifts, NTA shall use the percentile equivalence.

Percentile Scores: Percentile scores are scores based on the Shift-wise relative performance of all those who appear for the examination. The marks obtained are transformed into a scale ranging from 100 to 0 for each Shift of examinees.

The Percentile Score indicates the percentage of candidates that have scored EQUAL TO OR BELOW (same or lower raw scores) that particular Candidate in that Shift. Therefore the topper (highest score) of each Shift will get the same Percentile of 100 which is desirable. The marks obtained in between the highest and lowest scores are also converted to appropriate Percentiles.

The Percentile score will be the Normalized Score for the Examination (instead of the raw marks of the candidate) and shall be used for the preparation of the merit lists.

The Percentile Scores will be calculated up to 7 decimal places to avoid the bunching effect and reduce ties.

The Percentile score of a Candidate is calculated as follows:

$$\frac{\text{100 X Number of candidates appeared in the 'Shift' with raw score EQUAL TO OR LESS than the candidate.}}{\text{The total number of the candidates who appeared in the 'Shift'}}$$

Note: The Percentile of the Total shall NOT be an aggregate or average of the Percentile of the individual subject. The percentile score is not the same as the percentage of marks obtained.

Example: Suppose a test was held in 4 Shifts of Examinees as per details given below:

(Allocation of Days and Shifts was done randomly)

(a) The distribution of candidates was as follows:

Day-1 Shift-1, Day-1 Shift-2, Day-2 Shift-1 and Day-2 Shift-2.

Day/ Shift	No of Candidates			Marks	
	Absent	Appeared	Total	Highest	Lowest
Day-1 Shift-1	3974	28012	31986	335	-39
Day-1 Shift-2	6189	32541	38730	346	-38
Day-2 Shift-1	6036	41326	47362	331	-49
Day-2 Shift-2	9074	40603	49677	332	-44
Total	**25273**	**142482**	**167755**	**346**	**-49**

In this method of scoring the HIGHEST RAW SCORE in each paper (irrespective of the raw scores) will be the 100 Percentile indicating that 100% of candidates have scored equal to or lesser than the highest scorer/ topper for that Shift.

Highest Raw Score and Percentile Score: All the highest raw scores will have a normalized Percentile Score of 100 for their respective Shift.

Day/ Shift	Total Candidates Appeared	Highest Raw Score	Candidates who scored EQUAL OR LESS THAN the Highest Raw Score	Percentile Score	Remarks
Day-1 Shift-1	28012	335	28012	100.0000000 [(28012/28012) *100]	i.e. All the highest raw scores in each shift would be normalized to 100 Percentile Score.
Day-1 Shift-2	32541	346	32541	100.0000000 [(32541/32541) *100]	
Day-2 Shift-1	41326	331	41326	100.0000000 [(41326/41326) *100]	
Day-2 Shift-2	40603	332	40603	100.0000000 [(40603/40603) *100]	

Lowest Raw Score and Percentile Score: The percentile Score of all the lowest raw scores will depend on the total number of candidates who have taken the Examination for their respective Shifts.

Day/ Shift	Total Candidates Appeared	Lowest Raw Score	Candidates who scored EQUAL OR LESS THAN the Lowest Raw Score	Percentile Score	Remarks
Day-1 Shift-1	28012	-39	1	0.0035699 [(1/28012) *100]	i.e. , Percentile Score of **all the lowest raw scores are different**, i.e., Percentile Score depends on the total number of candidates who have taken the Examination for their respective shift.
Day-1 Shift-2	32541	-38	1	0.0030730 [(1/32541) *100]	
Day-2 Shift-1	41326	-49	1	0.0024198 [(1/41326) *100]	
Day-2 Shift-2	40603	-44	1	0.0024629 [(1/40603) *100]	

The following is a further explanation of the interpretation of the raw scores and Percentile Score in Shift -3 (Day-2 and Shift-1) with 41326 candidates who have taken the examination.

Candidate	Percentile Score	No of Candidates	Raw Score	Remark
A	**100.0000000** [(41326/41326) *100]	**1**	**331**	This indicates that amongst those who appeared, 100% have scored either EQUAL TO OR LESS THAN candidate A **(331 raw scores)**.
				It also indicates that no candidate has scored more than candidate A **(331 raw scores)**.
B	**90.1224411** [(37244/41326) *100]	**77**	**121**	This indicates that amongst those who appeared, 90.1224411% have scored either EQUAL TO OR LESS THAN candidate B **(121 raw scores)**.
				It also indicates that the remaining candidates have scored more than candidate B **(121 raw scores)**.
C	**50.4549194** [(20851/41326) *100]	**381**	**41**	This indicates that amongst those who appeared, 50.4549194% have scored either EQUAL TO OR LESS THAN candidate C **(41 raw scores)**.
				It also indicates that the remaining those who appeared have scored more than candidate C **(41 raw scores)**.
D	**31.7040120** [(13102/41326) *100]	**789**	**25**	This indicates that amongst those who appeared, 31.7040120% have scored either EQUAL TO OR LESS THAN candidate D **(25 raw scores)**
				It also indicates that the remaining candidates have scored more than candidate D **(25 raw scores)**
E	**1.1034216** [(456/41326) *100]	**100**	**-15**	Indicates that amongst those who appeared, 1.1034216% have scored either EQUAL TO OR LESS THAN candidate E **(-15 raw score)**
				It also indicates that the remaining candidates have scored more than candidate E **(-15 raw score)**

STEP-BY-STEP PROCEDURE FOR NORMALIZATION AND PREPARATION OF RESULT:

Step-1: Distribution of Examinees in two Shifts:

Candidates have to be distributed into two Shifts randomly so that each Shift has an approximately equal number of candidates.

Day-1 Shift -1, Day-1 Shift -2

In the event of more number of days or less number of Shift, the candidates will be divided accordingly.

This will ensure that there is no bias in the distribution of candidates who shall take the examination. Further, with a large population of examinees spread over the entire country, the possibility of such bias becomes remote.

Step 2: Preparation of Results for each Shift:

The examination results for **each Shift** will be prepared in the form of

➢ Raw Score

➢ Percentiles Scores of Total raw scores

The Percentiles would be calculated for each candidate in the Shift as follows: Let TP1 be the Percentile Score of the Total Raw Score of that candidate.

$$\text{Total Percentile (TPI):} \quad 100x \quad \frac{\text{No. of candidates appeared from the Shift with raw score EQUAL To OR LESS than the score of the candidate}}{\text{Total no. of candidates who appeared in the Shift}}$$

Step-3: Compilation of NTA score and Preparation of Result:

The Percentile scores for the Total Raw Score for all the Shifts (Day-1 Shift -1: Day-1 Shift -2) **as calculated in Step-2 above would be merged and shall be called the NTA scores which will then be used for the compilation of results and further processing for deciding the allocation.**

In the event of the percentiles corresponding to the eligibility (cut-off) marks for the multi Shifts being dissimilar/unequal, the lowest will be the eligibility cut-off for that category for all candidates (i.e. all Shifts).

For Example: In the Examination held in two Shifts, if the 40% marks correspond to a Percentile score of 78 in Shift 1 and 79 in Shift 2, then all those equal to or above 78 percentiles (Percentile score of 100 to 78) in both Shifts will become eligible in General Category. A similar method will be adopted for the other categories to determine eligibility cut-offs. In case the examination is held in more number of Shifts the same principle shall apply.
